Key Program Strategies (Please provide a brief overview of program strategies including number of students served and program costs):			
<p>1. Young Artist Academy After-School Enrichment: we.app delivers yearlong after-school sessions through partnerships with schools. At our partner sites, we.app provides qualified instructors with public speaking, educational, and performance art backgrounds. we.app instructors teach YAA after-school sessions that focus on teaching students to speak with purpose. Through our customized curriculum students develop in the following areas: creative writing, interview skills, voice and writing presentation styles, speaking and listening skills, and collaborations. The typical class size is 12 to 15 students. After-school classes typically meet 2-4 sessions per week, 1.5 to 2 hours per session. Each quarter we serve a new cohort. Typical annual program cost is \$225 per student plus administrative cost and curriculum fees (fees negotiated).</p> <p>2. Young Artist Academy Day-School Enrichment: YAA School-day program is designed to integrate academics with public speaking that will help students with presentation skills, team building, writing skills, and confidence. YAA instructors work side-by-side with classroom teachers to implement a creative approach to core subjects that keeps students engaged and excited about learning. In the past, YAA instructors have co-taught with teachers to bring to life presentations, history projects, Shakespeare, Greek mythology, and much more! Typical class size is 27 to 30 students. Annual program cost is \$150 per student plus administrative cost and curriculum fees (fees negotiated).</p>
